Re: Steve Daly Multi Pack Lectures

Dear Steve,

Thank you for an incredible lecture.

All of us enjoyed your personal touch, excellent material, and warm personality. We came away learning far more than we expected. The free lecture notes were a bonus that most of us will not just read but use. I am particularly amazed that I had never seen the effect, "Will the Cards Match." After being involved in magic since age 10, that makes 39 years for me, I did not imagine I could learn such a simple yet powerful effect.

I highly recommend your lectures for any club and know they will find your work very enjoyable. I look forward to your return to our city and hope you will contact us for another evening of magic.

Dear "Tiny":

I.B.M. Fantasma Ring 257 was honored to have you present your three lectures ~ "Daycare Dollars", "Welcome to Las Vegas, NOW GO HOME!", and "No Skill Required" on July 20, 2011.

The forty-one who attended enjoyed your humor and relaxed style of performing. Your explanations covering the profitable art of doing magic for 2, 3, 4, 5, & 6 year olds including your personal methods of keeping the children entertained and interested, all the while having complete control of the young audiences during your one hour shows was worth the price of the lecture all by itself - but you gave us MORE!!!.

The “Welcome to Las Vegas, NOW GO HOME!” lecture was an eye-opener to many (even though we LIVE here) teaching us tried and true ways to approach the challenging Las Vegas market. This is not a market that just any magician can tackle and be successful at. If a magician wants to open his/her own show on the world famous Las Vegas Strip – THIS is a lecture they will want to see!

In “No Skill Required”, you shared easy to master tricks anyone could do, taught to you over the years by the pros. One of those pros was in attendance and commented you perform the piece better than he does! This lecture proved to be very popular with all of our members including our youngest 7 year old! The FREE lecture notes and FREE magic tricks you gave out was an added bonus and pleasant surprise. It was nice to experience a lecture that did not seem like a 90 min sales pitch. We could tell you actually CARE about what you are talking about and WANT us to come away with this knowledge.

Even though many who attended this lecture were magicians themselves, they were impressed with the effects and materials.

My favorite story you shared with us was when you related your humorous experiences at The Magic Circle in London England where you, to the amazement of the owner of a deck of cards, tore one of the cards up and restored it only to find out that Bicycle Brand Playing Cards in ENGLAND sell for \$18.00 a deck! The shocked owner of that deck was relieved to discover the card was truly restored, and you were “crowned” a Card Master. GREAT story and GREAT trick! THANK YOU!

To anyone interested in booking Steve's incredible Multi-lectures, I would highly recommend you take advantage of this man's wealth of knowledge if he is in your area. Steve's more than 40-years of experience covers a wide range of performances ranging from personal appearances for Jerry Lewis & Britney Spears, Amusement Park Productions, Comedy Clubs, The Magic Circle, many Las Vegas Showrooms, and television appearances on all the major networks and cable TV. Fantasma Ring 257 is honored to have him as a friend and teacher.
